- **‘Totally Wired’ 16 March Windsor Baptist Church** “An essential seminar for all parents, church leaders, youth leaders and anyone who cares about young people and the technology revolution. Young people today 'live' in a new digital world of instant communication that is changing what it means to be a teenager. And this is just the beginning. Yet this world is alien to many of us who are responsible for safeguarding and caring for young people. How can parents, churches and youth workers not only understand what is happening, but also change the way we work with young people to take account of it? What impact are online social networking sites having on young people? Where does Christian youth and children's work fit in this online world? This high-quality, interactive, enjoyable and challenging evening event aims to explore some of these vital issues”. Details www.easttwest.org.uk 01784 438007

- **London School of Theology Youth Day 22 May Northwood Middx.** “Pain & Passion a typical teenaged life” Matt Redman paraphrases Job when he sings ‘you give and take away – blessed be the name of the Lord’. For some young people, life appears to be more about having things taken away than receiving good things. The focus today will be on walking with and mentoring young people through the difficult as well as pleasant parts of their life, working with them to build them up, equip them and release them in all their passion to live and work for God and their neighbours, as well as themselves” Cost £28.50 Details Richard Shaw richards@scriptureunion.org.uk 01708 730032 [http://www.scriptureunion.org.uk/News/Events/LondonSchoolofTheologyYouthDay\(May2010\)/98461.id](http://www.scriptureunion.org.uk/News/Events/LondonSchoolofTheologyYouthDay(May2010)/98461.id) For information. http://www.ceop.police.uk/mediacentre/strat_overview.asp
